

Rebecca Rech Cutler, BSN, RN, CRRN (Certified Registered Rehabilitation Nurse), CHPN (Certified Hospice and Palliative Nurse).

Rebecca, a registered nurse for over 30 years, has experience in Home Health, Whatcom Hospice and Veterans' Administration health, where she is currently on staff.

Bill Lombard, MD

Dr. Lombard, who practiced as a nephrologist for over 35 years in Whatcom County, is past medical director for the Mount Baker Kidney Center.

“Helping others understand what care and treatments you would want if you were unable to communicate yourself is the biggest gift you give yourself as well as those you leave behind. Help us make sure your wishes are known and understood and mention to your doctor that you'd like to complete an advance directive.”

- Scott Foster, MD, MPH,
Chief Medical Executive,
PeaceHealth Medical Group

“Realities of Advanced Medical Interventions’ supports good decision-making before an accident or serious illness occurs. This presentation is a conversation starter to help you prepare to talk to your family, friends and to your doctors so that you can make your healthcare wishes known.”

- Micki Jackson, advocate for
Advance Care Planning &
Community Palliative Care

**A completed advance directive is for all adults
18 years and up.**

"It always seems too early, until it's too late."

**THE REALITIES OF ADVANCED
MEDICAL INTERVENTIONS**

Bill Lombard and Rebecca Rech Cutler will present in frank terms the meanings of advanced medical interventions, and what their outcomes could mean for patients in the short and long term. Advance care planning, advance directives, and the importance of palliative care are discussed. These interactive sessions include Q&A.
